

SZG5282 multifunctional strong worklight

Description of performances:

- **Safety and reliability**
 - 1) Double protection board lithium ion battery, the short circuit of battery does not catch fire and explode, absolutely safe and reliable.
 - 2) A rear yellow warning light to alert traffic
- **High efficiency and energy-saving**
The luminous flux reaches 1000 lm with high power led chip of CREE Company.
- **Spotlight and floodlight adjustable**
The mode of spotlight and floodlight can be adjusted by keys to meet the needs of different lighting places.
- **Electricity detection**
Intelligent 4-stage power display and low voltage warning design can check battery power at any time, when the power is insufficient, indicator stroboscopic prompt for charging.
- **Lightweight and durable**
 - 1) Lamphead can be rotated 90°
 - 2) It can be used by handheld, seat type and magnetic adsorption conveniently.

Product pictures:

Applications:

SZG5282 multifunctional strong worklight has the characteristics of two kinds of lighting modes, adjustable angle of lamphead, long discharge time and magnetic adsorption. It is widely used in public security, army, electric power, power plant, railway, metallurgy and other industrial and mining enterprises as emergency lighting.

Main technical parameters:

Parameter items		Unit	SZG5282 multifunctional strong worklight
Rated voltage of battery		V	11.1
Capacity of battery		mAh	5000
Lifespan of battery		cycle	1000
Continuous discharging time	Strong light	h	≥10
	Middle light		≥20
	Weak light		≥80
Charging time		h	≤8
Led power		W	12
Lifespan of led chip		h	50000
Range of lamp		m	500
Adjustment of spotlight and floodlight			yes
Magnetic adsorption			yes
Angle adjustment			yes
Rear warning light			yellow light
IP protection			IP66
Dimensions		mm	Φ172×156×210
Weight		g	1800
Accessory			charger
